

NOOR SOLAR PLANT

OUARZAZATE, MOROCCO

- The world's largest solar power plant...
constructed on 3,200 hectares of dry, stony Sahara Desert
- Produces 200Gwh of electricity per year...
even when the sun isn't shining!
- No direct emission of greenhouse gases...
no noise and no air pollution
- Supports 500 jobs... will pay for itself in 25 years
